

FOLDING DECK CRANE

FOLDING DECK CRANES

Low Cost & Space Saving!

G-Lift Folding Crane System has been designed to lift inflatable boat, jet-ski and various marine vessels. It consists of 4 different models with a lifting capacity of 350 kg, 500 kg, 750 kg and 1000 kg. With its 3 folding boom design maximum length in vertical and maximum space saving in closed position can be provided.

G-Lift Folding Crane System opens in 3 stages and the boom is turned around its own axis manually. Loading and unloading is done by electric attractive motor controlled by remote control.

G-Lift is delivered by painting the color as your request special for your boat in the highest standard with two-stage polyurethane spray application.

GENERAL FEATURES

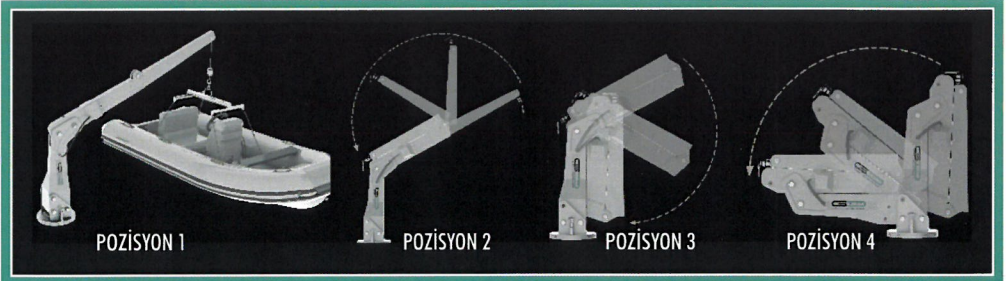

- Marin Aluminum Body
- Stainless Steel base
- 355°Rotation angle
- Easy installation/disassembl
- Minimum space lost with 3 stages boom
- Dyneema hoist rope
- 125% static load test
- Electric lifting system
- 12V/24V DC Warn or 220V electric engine
- Security locking mechanism
- Wired hand control
- Last coat paint as request
- 2 years warranty

OPTIONAL FEATURES

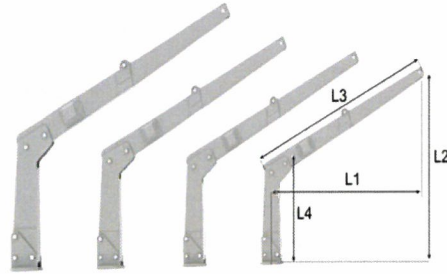

- Mounting with pedestal
- Special boom as request
- Remote control
- Electric rotation

FOLDING DECK CRANE
